# Flatbed applicators for sign production

CWT flatbed applicator will improve your productivity in sign manufacturing and print finishing. Our new generation of worktables are quick to install and easy to use.

Optimize your workflow

The CWT flatbed applicator optimise your existing workflow. We streamline and improve your finishing process for lamination, mounting and pre-masking no matter which cut and printing technology you are using.

Our models

See cwtworktools.com for complete model program.

STATE OF THE ART
Best functionality and ergonomics

Media thickness up to: 110 mm (4in.)

Adjustable pressure 1-8 bar (14.5-116 psi)

Self healing cutting mat

Roll holder

High quality LEDs for illumination

Tempered safety glass

Extendable table top (optional)

Working area: W 1650 x L 3270 mm (5ft. 5in.-10ft. 9in.)

Roll holder

Measuring scale

Knife trimming tracks

Big side pockets for large rolls incl. media rollers

Market leading electrical lifting columns

ELECTRICAL ADJUSTABLE

WORKING HEIGHT	850-1150 mm (2ft. 9in.-3ft. 9in.)
WORKSPACE WIDTH	Up to 1.65 m (5ft. 5in.)
WORKSPACE LENGTH	Up to 3.27 m (10ft. 9in.)
CAPACITY	Up to 160 m²/h (1720sq. ft./h)

CWT Platinum

The new Platinum is built on a completely new platform to fit future needs and add on functionality demanded by the industry. Simply a flatbed applicator reinvented for every sign maker. Engineered with the user in mind we integrated many smart and time saving features such as trimming tracks and measuring scales for cutting. Offering the highest level of ergonomics with electric height adjustment as standard.

**Multifunctional for all your needs.**

Semi-automated process

Our flatbed applicators are easy to use, no special training is required. Compared to conventional methods the CWT flatbed applicator is up to 85% faster, with perfect control and less waste due to quick and precise positioning of the materials.

The controlled lamination process is semi-automated for consistent quality output. This makes our worktables ideal for sign makers or printing companies.

If you are the big or the small company doesn't matter. Use CWT worktable to save time, increase production capacity and become more efficient.

- Controlled lamination process
- Millimetre precision
- Keeping labour cost to a minimum
- Reducing mistakes saves time and waste
- High capacity – up to 160 m²/h (1720sq. ft./h)
- Ergonomic and safe work position – reduce repetitive strain injuries

Finishing what you started

CWT ®
WORKTOOLS

Tradition and dedication at your service!

CWT Worktools has the tools you need to take your business to completely new levels of production capacity and functionality. We promise the best products at the best prices.

Our roots are in the traditional sign-making industry, starting in the early 1960s. Over the years we have built up a solid understanding of everyday needs for reliable and productive equipment. Our patented products are developed and manufactured in Sweden with only the highest quality products.

We work closely with users of our equipment. We listen very carefully to all feedback in order to develop even more unique products that will make your work more effective. This ensures we are meeting the specific needs of sign makers and printers.

There are more reasons for our success. For example, we build all our flatbed applicators in module systems, giving you access to nearly any space. We give our customers maximum quality and functionality at highly competitive prices. We also pay close attention to ergonomic design, something we have learnt all about in our own production.

Our products has been manufactured according to ISO 9001:2000 (quality) and ISO 14001:2004 (environment) since 1999 and we have worked in accordance with the LEAN production philosophy since 2011.
